

The diagram shows three circular labels for Erlenmeyer flasks on the left and three hexagonal labels for graduated cylinders on the right. The labels are arranged in two columns. The top-left label is for a 250 ml flask, the middle-left for a 125 ml flask, and the bottom-left for a 100 ml flask. The top-right label is for a 100 ml graduated cylinder, the middle-right for a 50 ml graduated cylinder, and the bottom-right for a 10 ml graduated cylinder.
