

Name: _____ Per.: _____ Date: _____ Scientist: _____

PROFILE OF A SCIENTIST PROJECT
Scoring Worksheet

Evaluate your own, individual performance. Write a numeric value (10, 9, 8, 7, or 6) **to the left of each question**, then justify this according to the Scoring Guide. Each question requires a full and complete written answer to explain your points according to the Scoring Guide. ("Yes" or "No" is not sufficient.)

Oral Presentation

	1. How did I (the teacher) know that you prepared well for your presentation?
	2. What was evident in your presentation?
	3. What did your skit indicate?
	4. How did your presentation hold the attention of the audience?
	5. Did you read your presentation?

Visuals

	1. Were your visuals, charts and/or drawings, etc. large and clear enough to be seen and understood by the audience?
	2. Did they enhance the understanding of the scientific concepts?
	3. How complete were your explanations of scientific concepts and your organization of the visuals?

Costume, Mannerisms, and Props

	1. Did you dress appropriately?
	2. How did your props enhance your presentation?
	3. Were your mannerisms consistent with your role?

Collaboration

	1. How often did you attend class and working sessions??
	2. How seriously did you work?
	3. How much did you contribute to the team effort?
